15" Stainless Steel Air Cleaner EDPM Rubber Gasket

NOTE: Prior to installing the air filter to the air cleaner. The included EDPM rubber gasket **MUST** be adhered to the inside of the top cap. Failure to do so might cause improper seal with the air filter and cause engine damage.

Bottom View of the Top Cap

Angle View of the Top Cap

Install Instructions:

1. Clean the inside flat surface on the top cap.
2. The included rubber gasket has pre-applied adhesive. Peel off the protective film.
3. Carefully center the gasket on the inside surface of the top cap.
4. The gap between the edge of the gasket and the side of the cap should be even all the way around. (shown on the left)
5. Firmly press the gasket down.
6. Check to make sure the gasket is properly adhered to the top cap.
7. Mount the top cap back to the cleaner body with the air filter installed.

Item No. 28200/28201/28205
Product Name: 15" SS Air Cleaner

Rev No. 11172022
